Who We Are

Zalkon India Pvt. Ltd. is a forward-thinking infrastructure development company rooted in experience, trust, and execution excellence.

We began as Big India, a proprietary firm founded by our father, Mr. P Madhavan Nair, who built a strong legacy of delivering high-quality work across gas, power, and telecom infrastructure. As he steps down, we the next generation carry this legacy forward through Zalkon India Pvt. Ltd., continuing the same dedication under a structured corporate platform.

We may have a new name, but the same team, same values, and same commitment to excellence drive us every day.

Our Vision

Our mission is to offer our clients with affordable, high-quality and reliable engineering service propositions even as per their most unique requirements adhering to high standards of quality all through various projects we undertake.

Our Mission

We strive to exceed client expectations by consistently delivering top-notch engineering solutions and maintaining a relentless commitment to quality, innovation, and customer satisfaction.
